- -march, if you volunteer or are the board the experience will be on your student record

- in the upcoming weeks this information will be made public to users/community members
- 5-9 members of the pp community who are elected at the agm through ballot, you can vote for up to 9 members. Expectations: monthly meetings and integrity of the collective. 75% must be students.
- board members have purchased more items for the kitchen, participate in regular kitchen duties and emergency food assistance program {for the community and students in need}
- some of this years responsibilities: taking on a larger social media role, designing a feedback process for service users

5. Annual report: brief summary

Sosa (C.M): what we've been up to this year: regular food servings since 1999. 20th anniversary and the last year we'll be serving in this space - new kitchen! Facilitated by the uni and CSU.

Serving over 400 ppl every week day.

6. Financial statements

Iman, Ixel: presenting financial budget from finance committee

- tracking expenses and revenue
- -create yearly budgets and all financial transactions
- work with accountants to create regular statements
- meeting semester and yearly goals financially
- december to january fiscal years

- ended year with more than anticipated due to clerical error at concordia, which has now been corrected as of september 2018 now receiving correct amounts
- concordia's fiscal year ends in april following the school year
- discrepancy resulted in a surplus, in 2017 we had a deficit
- total assets of 530 thousand dollars versus 330 thousand we had at end of 2017
- as a collective we decided to assign a modest portion of that to large pieces of kitchen equipment especially given our move; industrial oven and potato van
- 2019 budget year predicting modest inflation due to increasing fee levys while food costs increase on yearly basis ~ also weary of change the uni may implement for collection of fee levys~ this large surplus may prove to be a necessity rather than luxury as a result

Question:

William - how much would purchasing a new van cost? How would this be managed with a possible increase or decrease in student levys or people opting out of fee levys?

Ixel - more likely buy an older van to spend less funds & not seeing a dramatic increase to those opting out of fee levy groups, but regardless the money should be sufficient.

7. Board election procedure

8. **Board nomination**

- Ian Carlo student (re-applying)
